

# PRAFUL DALWI

FRONTEND DEVELOPER

## PROFILE

Driven by an unyielding passion for frontend development and a creative mindset, I am a dedicated Frontend Developer focused on crafting engaging digital experiences one line of code at a time. With 1.11 years of hands-on experience in web development, my journey reflects a relentless pursuit of learning, innovation, and growth. I possess a strong foundation in building immersive, user-centric websites with clean and efficient code.

## WORK EXPERIENCE

### XDBS Worldwide

Dec 2022 - Sept 2024 (1 year 11 months)

#### Frontend Developer (UI Developer)

- Developed and maintained responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and React.js.
- Built cross-device compatible UI components, ensuring optimal performance across desktops, tablets, and mobile devices.
- Collaborated closely with backend developers, UX/UI designers, and project managers to implement new features and improve application functionality.
- Wrote clean, scalable, and maintainable code while following best practices and coding standards.

## PROJECTS

### Enterprise Talk (On Dot Media)

#### Role: Frontend Developer

#### Tech Stack: React.js | Node.js | React Bootstrap

- Enterprise Talk is a peer-knowledge platform featuring insights on challenges, achievements, and innovative solutions from corporate leaders and global decision-makers.
- Developed and maintained key UI components including the Landing Page, Podcasts section, Subscription form & modal, and Dynamic Sidebar.
- Collaborated with a team of 5 members to successfully deliver the project within 3 months.

### Kings Research (KGV Group)

#### Role: Frontend Developer

#### Tech Stack: Node.js | HTML | CSS | JavaScript

- Kings Research is a leading market research and consulting firm providing comprehensive market research reports with in-depth data analysis.
- Worked on major application features including Landing Page, Login & Signup, Forms, Checkout Page, Payment Gateway, and End Page.
- Responsible for implementing Login & Signup flows, Checkout process, and Payment Gateway integration.
- Collaborated with a team of 2 members to complete the project within 6 months.
